

## TIME ELEMENT IS FACTOR IN FIRE INQUEST

Continued from Page One

It did not seem with testimony of a previous witness, Miss Beatrice Amer, who stated at the opening session of the inquest last week, that she saw Moore at the window and heard flames and others urging him to jump, but the men had not time to see Miss Amer said that in her opinion there was no time to prevent Moore from jumping into the net.

Miss Amer also estimated the time when she first saw Moore at the window until he fell back into the room as "at the most five minutes."

In sharp contrast to Miss Amer's testimony, three witnesses were sworn at Wednesday sitting that Moore was at the window at least 10 minutes before a net was placed beneath him and, three others that Moore had fallen back into his room before the net was placed.

### NEW JUROR

After a new juror, W. Munro, was sworn, to take the place of one who died last week-end, he was asked by the coroner if he desired to hear witnesses who had previously testified called a second time. Munro replied he did not, that he was satisfied with reading of the transcript.

The hearing continued with D. B. MacKenzie, solicitor of the attorney general's department, conducting the questioning of witnesses in place of C. G. Parvis, K.C., who was busy with police court cases in the other courtroom. With several witnesses, including Chief Justice Macgregor, to testify, the hearing was expected to terminate Thursday.

Witnesses who testified they saw Moore at the window included Gordon Grady and his wife Mrs. Eva Grady, resident of the Jasper block, Arthur Gay and Miss Alice Lindskog. The latter also lives in the Jasper block, which is directly across the street from the Cattick block.

### ROUSED BY ALARM

Miss Mable Fricker, who resided in room 15 in the second floor of the Cattick block, was the first witness called Wednesday. Roused by the firebell at about 7:40 a.m., Miss Fricker opened the west door and saw Constable Smith with an extinguisher and Mr. Smith heard either Mr. Smith or Mrs. Smith shout for everybody to get out.

a moment and when she came out she saw Mrs. Pollock in the corridor. When she hurried to the rear fire escape and when she got to the top of the steps the fire engine was coming around the corner from the south lane. She did not see Mrs. Pollock until she was in the corridor opposite from the room where Mrs. Pollock was.

### BRIGADE ON DUTY

When Miss MacKenzie got to the front of the building the fire department was already there. Witness said she thought she saw a man at the third story window calling for help. She also saw someone fall into the net and then she saw the net. She did not see the net until she was at the window when she fell off it.

Mrs. F. Smith, wife 1, on the second floor, testified. She heard some one calling in the hall and thought the lady in 17 was sick. She next heard the fire alarm. She looked across the hall and saw a man at the window. She saw him look 17. Mrs. Pollock's room 17. She saw her little girl, 11, and ran down the corridor to the stairs, reaching the street safely. She saw no one in the corridor.

Witness went to the Canada safe where she heard some talk about a man at the window of the burning block. After she was in the room for some time she saw two firemen looking out of the third story window of the block.

### FIRE LADDER UP

Mrs. A. Peris, wife 3, of the Cattick block, testified she lived with a son, 26, and a daughter, 24. She was on the third floor in the hall when the fire alarm sounded. She saw the door in the hall open and saw flames and smoke coming from the door. She saw a fireman looking out of the window of the block. She saw a fireman looking out of the window of the block.

forth when they put the net under him," witness said.

Witness said she had been moved beneath the window where the net was placed.

**ESTIMATED TIME**  
Miss Lindskog estimated it was "about 10 minutes" from the time she first saw Moore at the window until the net was placed beneath him.

Miss H. Hobson, sister of the Jasper block, said a similar story. She estimated the time Moore was at the window before the net was placed at about 10 minutes. She said the net was not under him until she saw him fall into it.

Smoke was coming from Moore's window in gas and his head was hidden. He was before he jumped. Miss Hobson said.

F. E. Gaudin, proprietor of the Cameo cafe, in the Alberta block, said he saw the fire first about 18 minutes to eight. He saw a hand at the top window of the Cattick block moving. He saw the fire equipment arrive. He observed a lady and man at a window before the net was placed. He saw Moore fall into the net.

## German Drive In Greece Is Tragedy For Nation: Army Hoped For Victory

By DANIEL DE LUCE

IZMIR ( Smyrna ), Turkey, April 24.—(AP)—To 8,000,000 Greeks the German drive in Greece is as tragic as any ever conceived by their great playwrights of classical days, Euripides, Aeschylus and Sophocles.

To the modern Greeks, the entry of the German army into the Balkans is the intervention of fate as inexorable as those depicted in the Greek legends.

It was the climax of Helladic tragedy which was apparently in something of a British expeditionary force of somewhere under 100,000 Australian, New Zealanders, British and South African troops, rescued from the earlier scenes of the Balkan drama as inevitably as though one of the ancient master and plotted.

**MAKES MISTAKES**  
The Greek mistakes of battle, the diplomatic and military mistakes, the failure and bitter intercession of the Greeks and the Serbs who refused to bury their antagonism even while the German tanks were smashing across Yugoslavia to the "last battle."

We will throw everything into it all our men up to all out our guns. Greek commanders told me before Germany marched.

Thousands of wounded in base hospitals at Coriza, Ioannina and Athens proved the Greek army could fight in the "last battle."

**OFFENSIVE PLANNED**  
The Greek army of the front Greece had taken of western Greece of Epirus and Peloponnese and the Greek islands—Crete, Rhodes, Samos as soon as the war started, but none ever got there.

Quarantined mobilization units Heartbroken generals lure up their plans when Hitler launched his men and machines across the Yugoslav frontier, sensing the Yugoslav collapse before it occurred. Greek commanders foresaw impossibility of maintaining their northeastern line and ordered the order to withdraw.

Not all stayed. The brilliant Major Mariakakis played with his sword in concrete blocks, the Greek army of 250,000 men, Lake Child and calmly awaited the enemy advance over a field planted with 3,000 land mines.

Two nights earlier, in stockpiled field to avoid mine, he had sent out to within 200 yards of Italian Alpine trenches and poked about the "surprise party" that awaited them.

## ST. GEORGE'S DAY OBSERVED BY LONDONERS

LONDON, April 24.—(CP)—Avoid the strain of war Britain Wednesday honored the anniversary of her patron saint, George, the dragon-slayer.

Because St. George's day was damaged by a bomb, the Royal Society of St. George held the actual national service in the crypt of St. Paul's, dispensing with the usual pageantry of the occasion, which recalls the anniversary of the death of St. George, who was a Greek.

A band of English soldiers came to the service they found a cluster of torches signifying the spirit. Others lay on the floor, Britain's memorial to the dead of the first Great War, in Whistler's "The Dead March of St. George."

Lord Cliffield, a St. George Day broadcast, called on Britain to "take comfort from what we have done in the past."

A band of English soldiers have changed the history of the world. English soldiers, in small, have driven Greek enemy forces off the pass. Arrows have pierced the armor of the enemy, and in the past, what we have done in the past."

The apostles and the airline were used to extend the service to the north. The service was held in the crypt of St. Paul's, dispensing with the usual pageantry of the occasion, which recalls the anniversary of the death of St. George, who was a Greek.

# Big Trains Start Rolling At Last On Major League Main Lines

## Cincinnati's Powerful Pitching Squad Scores Second Shutout Against Chicago

NEW YORK, April 24.—(AP)—The big trains are setting the right of way now on baseball's main line after a little more than a week of confusion. The world champion Cincinnati Reds, with the best pitching staff in the major leagues, have just won two shutouts from Chicago Cubs. St. Louis Cardinals and Brooklyn Dodgers are making their moves at the same time.

Cleveland Indians have squeezed into a tie for the American League lead. New York Yankees are climbing up and Boston Red Sox are sliding down.

Thus, without any particular fanfare, the game, the two big leagues are setting down for their long summer drive just about the fashion everyone expected.

**BUCKY WATERS PM DOWN**  
Bucky Walters pitched the Reds to their fourth straight triumph Wednesday with a five-hit shutout of the Chicago Cubs. Walters, who was the Reds' ace pitcher, was hit by a line drive in the fourth inning and was out of the game.

## Big Fight Program For Joe Caused By Rumor Retirement

NEW YORK, April 24.—(AP)—The latest reason advanced for the Joe Louis bull market on boxing books has been that the Brown Bomber definitely plans to retire this fall, probably to join the army.

Joe Louis' "abdication" has been rumored since Jacoby Beach for the last few years and a number of small, known, what's making the fight game tick and the fight game tick.

Because of this plan, it was expected that Joe Louis would be a big draw through the ranks of challenges, legal and otherwise. He was to have his heavyweight title in order, with his opponent, Max Baer, in the first round.

The whole thing, this source said, was a big draw for Joe Louis and the time he has his gloves up for the first time in the ring.

# Your Baby And Mine

It's unusual these days to find a child who is unacquainted with the two of you and upon the time the first birthday is reached.

Modern day or in a more traditional form, the first birthday is a time when the child is presented with a number of gifts and a special meal. The child is usually a year old and is beginning to walk and talk. The first birthday is a time when the child is presented with a number of gifts and a special meal. ## PROGRAM FOR GRADUATION IS ARRANGED

Validation, Baccalaureate Services—Convocation May 19

A full program of graduation functions is in effect for the class of '41 of the University of Alberta, according to a schedule of events released this week by Bill Howard of Calgary, senior class president.

All activities are to be held in conjunction with the convocation program for the conferring of degrees and the awarding of prizes, which this year will be held on Monday, May 19, at McLaughlin hall. A postponement of the event was necessary due to the two-week university military training camp which starts May 1 at Camp Sault.

Validation services will be held in Convocation hall on the afternoon of May 17. The activities of the day will include the baccalaureate service to be held in Convocation hall on Sunday, May 18 at 11 a.m.

Following this service a rehearsal of the convocation exercises will be held at Lakeside, South Cooking Lake, during the afternoon.

**PREMIER TO SPEAK**  
Convocation exercises will start Monday, May 19, at McLaughlin hall. Mr. Wm. A. Macdonald, premier of Alberta, will deliver the convocation address. Graduation exercises will follow at 11 a.m. at the same hall.

Members of the senior class will also be present. The program will be presided over by Dr. G. W. Walker, university president. Bill Howard, president of the student body, will deliver the address. ## BISHOP ELECT ARRIVES FOR CONSECRATION

Continued from Page Nine who has been and is living on the Pacific coast.

Others who will attend the ceremony include Bishop of the Diocese of Saskatchewan, Bishop Sherman of Calgary, Bishop Kinsmen of Regina and Bishop Thomas of Brandon. It is expected that they will arrive in the city Thursday.

Friday, the day of consecration of the new bishop, will be marked by special services at St. James' at 7:30 a.m. Holy Communion will be held for church members, followed by a morning prayer period at 8:15. Only those holding tickets will be admitted to the main consecration ceremony.

A public reception will follow the service at 7:30 p.m. to give all churchgoers an opportunity to meet the new bishop.

**UNIQUE LEADERSHIP**  
Comparing our position in this country with that during 1914-18, Canon Barfoot stated that we had unique leadership of a better kind in the person of Walter Churchill. No one has done more to build up the morale of our people from indifference and doubt at the start, to the present grim determined effort.

Describing the position of the church during war, the former college warden said "the church has always offered comfort in adversity, with its message of hope and cooperation, its essential characteristics. If we suffer enough we will have a revival of religion, for such has always been the case since the beginning of time. Already there are some definite signs of a spiritual uplifting among our people."

"I take some calamity to bring out the greatness in human nature, and I believe that the crisis of our war was the beginning of a return to the betterment of ourselves."

**ARMY OF OCCUPATION**  
As a member of the British army of occupation of the east, Canon Barfoot had an opportunity to view Germany from the inside. He found them to be starving and discouraged yet likeable in their nature. "I am sure," he said, "that they have a drink of water and a piece of bread, and they are happy. Compared with this, he believes that the British are in a position of superiority."

Canon Barfoot, who is accompanied by his wife, Mrs. E. Barfoot, will be in the city for the consecration of the new bishop, which will take place on Friday, May 19, at 11 a.m. at McLaughlin hall.

## \$1,000 Loss Is Sustained Here On Spring Show

**F. W. Abbott**, K.C., managing director, Edmonton Exhibition Association, stated Thursday that a loss of between \$1,000 and \$1,500 had been sustained on the operation of the spring livestock show. A loss of \$1,000 had been budgeted for, Mr. Abbott stated.

Actual loss on the event, Mr. Abbott pointed out, was between \$400 and \$600. The increase in loss this year, he added, was due to the disappearance of the federal prize to exhibitors owing to war conditions. The federal grant was \$4,000 annually, he added.

The Alberta government, Mr. Abbott stated, had increased its grant by \$300 this year, to bring the total from this source to \$2,000.
